## **LX Sit-Stand Wall Mount System & LX Wall Mount System**

- Multiple points of adjustment allow effortless lift, tilt and pan of display and keyboard tray; caretakers can reposition screens and keyboards independently for improved comfort and patient care
- Back-tilt keyboard tray protects wrists from pain or injury
- Folds within inches of the wall when not in use
- Just loosen the screws to change the arm location on the Wall Track
- Built for thousands of movements by passing 10,000-cycle test
- Includes 10-year warranty

ULTIMATE FUNCTIONALITY IN A COMPLETE AND COMPACT WALL MOUNT SYSTEM!

Ergotron's LX Wall Mount Systems offer healthcare professionals a fully integrated solution that accommodates a monitor, keyboard and CPU—all on a single, secure wall track. The two independent arms adjust effortlessly so caregivers can experience ergonomic comfort while viewing and entering data. Most important, its total flexibility helps enhance personal interaction between caregivers and their patients.

When not in use, the entire system folds up tight—just inches from the wall—making it ideal for tight spaces or areas with high traffic. Our sit-stand model provides added height adjustment, so users can choose to sit and stand throughout the day for a healthier way to work.

# LX Sit-Stand Wall Mount System & LX Wall Mount System

LX Sit-Stand Wall Mount System: Keyboard folds to within 6.8" (17,3 cm) of wall in storage position; LCD arm folds back to a depth of 5.5" (14 cm)
